No C 5/379-24/429 19-4-44

Fwd details of the information called for

(8) The D P H states that the Chemical Sety has offered to do the work on 25-9-'43 — subject to ref item 15 supra

(9) It was seen from the correspondence that tenders were called for for the work & tenders were accepted, & Messrs Thomas Ogle, and J & Stockwell Ltd tendered for the work at different rates

25/9/43 to do the work at 10 per cent higher than the estimated rate

Subsequently the attention was received rather late & the Dy S-H had recommended the acceptance of the offer tendered on 25 & 43 alone & this was transmitted by the first on 6 10 43

Anything the Dy S-H should have sent to the first the application of Mr Thomas Ogle which was received by them on 28/9/43, when the question of giving the work to the latter could have been considered

Even now it is stated that

6

the work was entrusted to me? 5 [illegible]

Stockists left at 20% higher than the estimated rates only, although the first lead launched on 6 dated 6 to 43 that the going of the work to him at 25% higher than the estimated rates for personal orders and repeats

SIR

Tenders for the Punigal Drainage work - First Stage.

With reference to your letter No L 6587/ml 111-4 -77 dated 31st December 1943 on the above subject, I have the honour to inform that as mentioned in this office letter No C 379-4 dated 27th August 1943, when tenders were called for in July 1942, fixing the last date for receipt of tenders as 24th August 1942, no tenders were received But on 7th September 1942 an application from one Mr Venkatappa was received by the Sanitary Engineer agreeing to take up the work at 2½ per cent less than the estimated cost The work however could not be taken up on account of cement not being available

When tenders were called for the second time, by the Sanitary Engineer only one tender of Messrs A T Achariya & Co , was received quoting 100 per cent higher than the estimated rates Though the tenderers subsequently reduced their offer to 31½ per cent higher than the estimated rate, their offer was not accepted as two more applications were received one from Mr Y V Muniswamy Iyer at 40 per cent more and another from Mr T G Sreekanta Setty at 25 per cent more than the estimated rates The offer of Mr T G Sreekanta Setty was recommended to Government in this office letter No C 379-4 dated 27-8-1943 and the same was sanctioned in Government Order No 3919-22 / L 73-43-7 dated 6 10 1943

In the meanwhile Mr C Thirumalish Setty sent a representation to the Sanitary Engineer offering to do the work 20 per cent higher than the estimated rate Taking advantage of this offer, the Sanitary Engineer has entrusted the work at 20 per cent higher than the estimated rates to Mr Sreekantaiah Setty whose

(1) whose offer for 25 per cent was already sanctioned by Government in their Order of 6th October 1945 mentioned above

I have the honour to be,

Sir,

Your most obedient servant,

W.C. Mumford

Director of Public Health
